

Our most popular and well-known ship, the Red Sea Blue Force 2, was completely rebuilt in March 2019. Its Marina Port is Sharm El Sheikh from where it sails to "The North" route and to the "Extended North" route of the Egyptian Red Sea. We dive every week in Ras Mohamed National Park, the Straits of Tiran and Shaab Mahmoud reefs. Also visited are the well-known wrecks such as the Thistlegorm.

The season of this cruise starts in March and ends in January with a New Year's Cruise, always from Saturday to Saturday.

You can find all the information of our yachts, routes, schedule, availability and prices in our website: www.blueforcefleet.com.

To the dive cruise you can add **tourism extensions in Egypt**. The two most popular options are:

Option 1, Cairo: Add some days in Cairo to sightsee the Pyramids, Sphinx, Bazar Khan El Khalili, Mosques, Coptic Quarter...

Option 2, Nile Cruise: To the option 1 of Cairo we add a cruise through the Nile between Luxor and Aswan so as to visit Abu Simbel, Karnak, Kings Valley and the Queens Valley...

Other options can be beaches in the Red Sea, Mount Sinai, Petra (Jordan)...

EGYPT RED SEABLUE FORCE ROUTES

Diving Sites: Tiran, Ras Mohammed, Thistlegorm, Small Crack...

"THE NORTH" ROUTE (5 diving days) and the "EXTENDED NORTH" Route (6 diving days) are our number 1 routes and the most well-known. Also, we try to add any exceptional and new diving spots that only the Blue Force Team can offer due to our over 25 years' of diving experience in the Red Sea. Sailing on this route is very short and pleasant, reaching the furthest dive sites in about two hours.

The wide range of dive sites will give you the opportunity of diving amazing reefs like those found in Ras Mohammed National Park and the Straits of Tiran, visiting a World War II museum at the wreck of the SS Thistlegorm and enjoy all the underwater wonders of the Red Sea reefs and pristine dive sites like Small Crack and Shag Rock. Another great highlight is the possibility of snorkeling with dolphins.

It may possibly be the best diving route in the world for its quality and its price.

Embarking and disembarking takes place in Sharm El Sheikh.

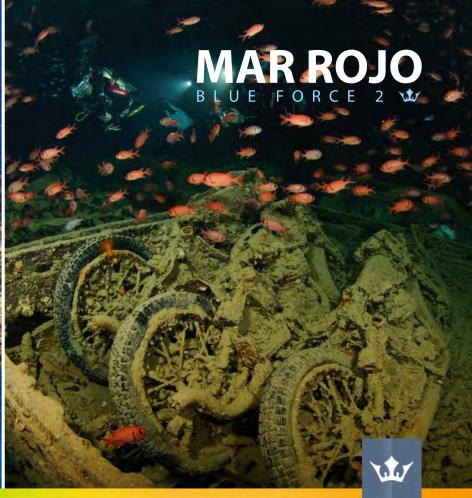

The routes are suitable for all diving levels, however, we recommend an Advance level or similar.
